

Lithium-ion technology

You can rely on the lithium-ion technology from Bosch. Anytime and anywhere. You can work anywhere with full power – but with small size and minimal weight. Forget about self-discharge – lithium-ion batteries store energy permanently. Annoying memory effect? Not here – because you can simply charge your lithium-ion batteries whenever you want. At any time, regardless of the charging state.

BOSCH
Invented for life

With their innovative lithium-ion technology, the cordless tools from Bosch set standards in all work in and around the house. More information at www.bosch-do-it.co.uk. **You'll be amazed.**

BOSCH
Invented for life

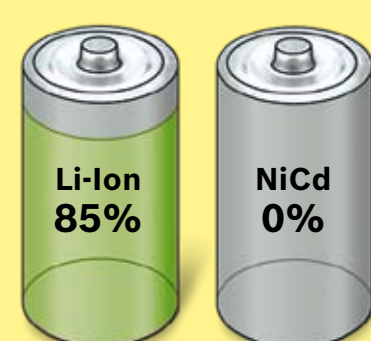

Small in size – Big in power!

Cordless tools with lithium-ion technology from Bosch

powered by
Li-Ion
technology

The advantages of lithium-ion technology at a glance:

Battery charging state after 4 months.

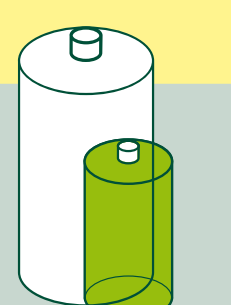

Tools with lithium-ion technology are ready for use practically all of the time. Regardless of whether the battery is fully charged, half charged or flat – you can put it in the charging station without having to worry about it. When doing so, you can forget about self-discharge or memory effect.

Compact, durable and quickly recharged – simply remarkable: Due to their short charge times, Bosch cordless tools with lithium-ion technology are not only ready for use quickly, they are also especially durable. Even after a period of 4 months on standby, a fully charged lithium-ion battery is still charged to approx. 85%. This means that Bosch Power is available to you for six times longer than that of conventional NiCd batteries. In short: small tools, big progress.

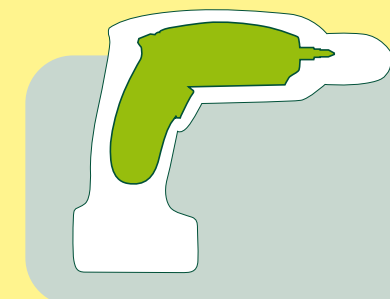

Full power at all times

No self-discharge, no memory effect: constant battery capacity over the entire lifetime. Always ready when you are thanks to lithium-ion technology.

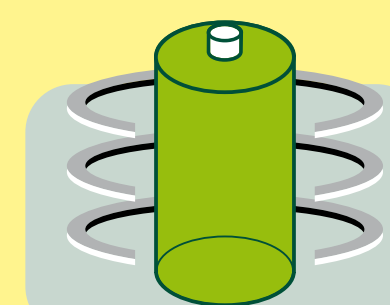

Same power at half the size

Due to the lithium-ion technology, the size and weight of the batteries are reduced by approx. 60% compared to conventional nickel cadmium batteries – although they offer the same amount of power.

High power, low weight

Bosch cordless tools with lithium-ion technology impress with their very compact design, low weight and very good ease of use. This saves you a lot of effort when working.

Long lifetime

The intelligent electronic cell protection, Bosch ECP, protects the lithium-ion batteries against excessive temperatures and overload, therefore giving them a particularly long lifetime.

85%

of all do-it-yourselfers asked in a study would prefer a lighter and more compact power tool to their favourite tool.*

*Study by Opinion, Nuremberg, 2005

Do you need to fit a new bookshelf, assemble a wardrobe or just do everyday small repairs? No problem. Grab the Ixo and get going. Are the screws loose on your bike or snowboard? No problem. Grab the Ixo and tighten them. This Bosch Cordless Screwdriver assembles, retightens and drives screws with great endurance in any space, no matter how tight it is. It is small, handy and always ready for use.

The Ixo from Bosch:

The world's best-selling power tool!

More than
8 million
Ixos have been sold worldwide, which speaks for itself. No other tool is handier and more popular.

Technical Features

- No memory effect, no self-discharge: always ready for use thanks to lithium-ion technology
- Spindle lock
- PowerLight
- Softgrip
- Forward/reverse rotation
- Forward/reverse indicator and charge level indicator via LED
- Battery charger also ideal for storing the tool

Ixo including charger and 10-piece bit set

Specifications	Ixo
Battery voltage	3.6 V
Screw diameter up to	5 mm
No-load speed	180 rpm
Drill chuck	Magnetic bit holder with hexagonal socket
Machine weight	0.3 kg
Angle screw adapter	Optional
Off-set angle adapter	Optional
Torque setting adapter	Optional
ECP	✓

These are the classics among cordless screwdrivers and drill/drivers. Their ease of use makes them popular assistants in all situations where cordless screwdriving or simple drilling work have to be performed with ease.

They enable fast and powerful screwdriving, e.g. when assembling and installing furniture and workpieces such as shelves and cabinets. Driving rows of screws and driving screws in delicate surfaces are typical jobs that these cordless drill/drivers master perfectly thanks to their torque setting and high endurance.

Ideally suitable for:

- Assembling furniture
- Wall installations
- All kinds of repairs
- Simple drilling work (PSR 10.8 LI/14.4 LI)

PSR 7.2 LI:

Lightweight, compact – but powerful too!

High power, low weight – for completing screwdriving and drilling work with ease.

Always ready for use with full power for any assembly work.

Convenient cordless working – anytime and anywhere with durable lithium-ion batteries.

The illuminated forward/reverse indicator shows you which direction is set.

Neat, tidy and charged – tool comes complete with charging station for tidy storage and convenient battery charging.

The integrated PowerLight enables you to drill and drives screws precisely, even in dark corners.

PSR 10.8 LI and PSR 14.4 LI:

The lightweight and handy cordless drill/drivers.

Technical Features

- Most handy tools in their class due to particularly lightweight and compact design
- No memory effect, no self-discharge: always ready for use thanks to lithium-ion technology
- Increased lifetime thanks to Bosch Electronic Cell Protection (ECP)
- Setting ring with pre-selectable torque settings
- Separately settable drill setting on PSR 10.8 LI and PSR 14.4 LI
- Keyless chuck with Bosch Auto-Lock for the easiest bit changes (PSR 10.8 LI and PSR 14.4 LI)
- PowerLight
- Run-out brake
- Lock-off switch
- Bosch Electronic
- Forward/reverse indicator and charge level indicator via LED
- Forward/reverse rotation

Specifications	PSR 7.2 LI	PSR 10.8 LI	PSR 14.4 LI
Battery voltage	7.2 V	10.8 V	14.4 V
Screw diameter up to	6 mm	8 mm	8 mm
Drilling diameter in steel	–	8 mm	10 mm
Drilling diameter in wood	–	20 mm	25 mm
No-load speed	240 rpm	0–410 rpm	0–450 rpm
Torque settings	–	10 + 1	10 + 1
Max. torque in soft / hard screwdriving applications	10 Nm	10/25 Nm	12/28 Nm
Drill chuck	Magnetic bit holder with hexagonal socket	Bosch Auto-Lock	Bosch Auto-Lock
Machine weight with battery	0.5 kg	0.95 kg	1.15 kg

This compact 3-in-1 power tool hammers, drills and drives screws in any surface – in wood, plaster, brick and even in concrete. The reason for this is its revolutionary, pneumatic hammer mechanism with the smallest ever dimensions. For example, this impressive three-in-one tool not only drills holes with ease in wood, metal and masonry. Easy switching to the hammer function transforms the tool into a powerful hammer drill with extremely high drilling performance that can even drill into reinforced concrete ceilings with ease.

The Uneo from Bosch:

Simply for everything. Hammering, drilling, screwdriving.

94%*
are impressed by the Uneo!

* of people asked in the "Online trnd Test, 2009"

Technical Features

- No memory effect, no self-discharge: always ready for use thanks to lithium-ion technology
- Pneumatic function
- SDS-Quick system and hex shank drill bits / screwdriver bits
- Increased lifetime thanks to Bosch Electronic Cell Protection (ECP)
- Bosch Electronic
- Forward/reverse indicator and charge level indicator via LED

Specifications	Uneo
Battery voltage	14.4 V
Drilling diameter in concrete	10 mm
Drilling diameter in steel	8 mm
Drilling diameter in wood	10 mm
No-load speed	0–900 rpm
Impact rate	0–4,800 bpm
Single impact energy	0.9 J
Machine weight with battery	1.1 kg
ECP	✓

The cordless 2-speed drill/drivers with the latest lithium-ion technology for even more power and endurance. Due to their particularly lightweight and compact design, these tools offer the best handling in their class. Ideal for all drilling and screwdriving work, from assembling furniture through to fitting floor-boards on patios. 2-speed high-performance planetary gearbox and Power motor for powerful screwdriving at low speeds in 1st gear and convenient drilling at high speed in 2nd gear. With 25 torque settings for screwdriving and one drill setting – for optimum adjustment to suit the job at hand.

Ideally suitable for:

- Large construction / assembly projects
- Drilling work in wood and metal
- Wall installations

The "PowerLight" LED provides bright light when working. The Auto-Lock keyless chuck allows for particularly easy bit changes. For powerful and reliable working at all times.

PSR 14.4 LI-2 and PSR 18 LI-2 from Bosch:

The compact cordless 2-speed drill/drivers with maximum power and endurance for complete freedom.

Full power or the optimum amount: 25 pre-selectable torque settings to suit any job.

Say goodbye to plug sockets: up to 300 screws are possible with one battery charge.

Also excellently suitable for large projects thanks to the large power reserves.

Lighting the way: the integrated PowerLight ensures that you always find the screw, even in dark corners.

The tool comes complete with a charging station for tidy storage and convenient battery charging.

The keyless chuck with Auto-Lock ensures rapid changing between drill bits and screwdriver bits.

Technical Features

- Most handy tools in their class due to particularly lightweight and compact design
- No memory effect, no self-discharge: always ready for use thanks to lithium-ion technology
- 2-speed high-performance planetary gearbox
- Increased lifetime thanks to Bosch Electronic Cell Protection (ECP)
- Setting ring with 25 pre-selectable torque settings plus drill setting for the easiest bit changes
- PowerLight
- 1-hour lithium-ion charging station with intelligent "battery full" detection
- Run-out brake
- Lock-off switch
- Bosch Electronic
- New lithium-ion quick-change battery pack with voltage coding
- Intelligent 3-stage battery charge level indicator
- Electronic forward/reverse indicator
- Forward/reverse rotation

Specifications	PSR 14.4 LI-2	PSR 18 LI-2
Battery voltage	14.4 V	18 V
Screw diameter up to	8 mm	8 mm
Drilling diameter in steel	10 mm	10 mm
Drilling diameter in wood	30 mm	35 mm
No-load speed (1st gear/2nd gear)	0–370 rpm/0–1,150 rpm	0–400 rpm/0–1,250 rpm
Torque settings	25 + 1	25 + 1
Max. torque in soft/hard screwdriving applications	20/38 Nm	25/46 Nm
Drill chuck	Bosch Auto-Lock	Bosch Auto-Lock
Machine weight with battery	1.35 kg	1.45 kg

Faster, lighter and more precise. Great cuts are easy with the self-sharpening Xeo cordless universal cutter. For example in carpet, cardboard, paperboard, foils, plastic cords, cork and wallpaper. You can also accurately shorten plastic strips, shower curtains and window blinds. Even PVC or linoleum floors and fine metal plates can be cut to size with ease. It cuts up to 6-mm-thick, flexible materials. Scissors are no competition!

The Xeo from Bosch:

Looks sharp. Cuts sharp.

Specifications	Xeo
Battery voltage	3.6 V
Max. cutting strength	6 mm
Cutting performance per battery charge	up to 150 m
No-load speed	240 rpm
Machine weight with battery	0.4 kg
Lock-off switch	✓

The cordless lithium-ion 2-speed hammer drills from Bosch enable you to master even particularly demanding requirements in seconds and without a cable: hammer drilling, drilling and screwdriving jobs are no problem, even in hard materials such as concrete, brick or metal.

This is thanks to the 2-speed high-performance planetary gearbox with the best power transfer and high running smoothness. High power for screwdriving in 1st gear, high speed for drilling with or without impact in 2nd gear. With 30 torque settings, these hammer drills always offer optimum power for any screw size and any application.

Ideally suitable for:

- Large construction / assembly projects
- Heavy-duty drilling work in wood, stone, metal
- Screwdriving work

The hammer drilling, drilling and screwdriving functions are easy to select using a setting ring. And the PSBs are equipped with the latest lithium-ion batteries to ensure that this immense power also lasts.

PSB 14.4 LI-2 and PSB 18 LI-2 from Bosch:

The compact cordless 2-speed hammer drills – screwdriving, drilling, and hammer drilling for tough applications.

Full power or the optimum amount: 30 pre-selectable torque settings to suit any job.

Say goodbye to plug sockets: up to 300 screws are possible with one battery charge.

No memory effect, no self-discharge: always ready when you are. With PowerLight.

Quickly changed, quickly charged: the practical lithium-ion battery packs.

Always neat and tidy thanks to the charging station with tool holder. Battery can be charged on its own or conveniently together with the tool.

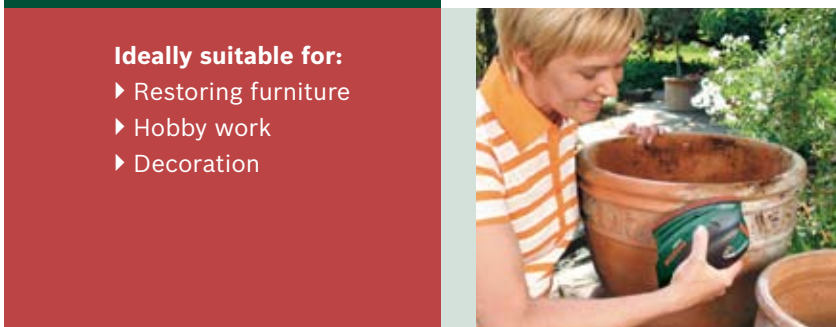

Switch to the hammer drill setting to drill with impact in stone and masonry. With Bosch Auto-Lock.

Technical Features

- Most handy tools in their class due to particularly lightweight and compact design
- No memory effect, no self-discharge: always ready for use thanks to lithium-ion technology
